

**NEW!**

CHECK OUT HOW OUR

# NEW **3K** PALLETS

STACK UP IN TERMS OF IMPROVED HANDLING

# 3K

At BP, we're so thrilled about our new lighter **3K** Pallets, because we know they'll take some of the load off your operations. Basically, it's a totally reconfigured approach to palletizing based on reducing the number of roofing shingle bundles per pallet, you'll never have to handle a pallet weighing in excess of roughly 3,000 lbs, hence **3K**.

> **LIGHTER = Safer**

With some pallets having shed up to 33% of their weight, **3K** Pallets are now a safer alternative to manipulating roofing shingle, resulting in fewer injuries and less wear and tear on your facilities.

> **LIGHTER = No need for heavy or special equipment**

Unloading, moving and stacking **3K** Pallets can be handled with a standard forklift.

> **LIGHTER = Faster**

Our **3K** Pallets will reduce the time you spend preparing the orders you ship to your customers. Having fewer bundles to hand-manipulate means that, on average, orders are 20% faster to prepare.

> **LIGHTER = Cost savings**

Fewer occupational injuries translate into less lost productivity, reduced equipment wear means lower repair and maintenance costs, and faster operations help cut down your forklift fuel costs and manpower costs.

> **SAME PALLET SIZES, now with 3 pallets high stackable convenience**

3-pallet-high stacking now permits inventorying 108 bundles of laminate shingles (vs. 96) and the usual 120 bundles for 3-tabs.

NEW CONFIGURATION – EAST				
	Pallet dimensions (in)	bundles/pallet	weight/bundle	weight/pallet
ECLIPSE GL	55 x 43	44	69.5	3,058
MANOIR	55 x 43	32	90.0	2,880
EVEREST	55 x 43	36	83.0	2,988
MYSTIQUE	55 x 43	36	80.0	2,880
MIRAGE GS	54 x 41	40	76.0	3,040
YUKON SB	54 x 41	40	76.0	3,040
DAKOTA	54 x 41	40	74.0	2,960

Ask your BP Sales Representative for more information about how our new **3K** Pallets can help you lighten the load when it comes to handling roofing shingle shipments.
